

Comenius Project

Berlin 2014

Wednesday,
29th January

Backbreaking, funny,
unforgettable
journey to
gorgeous Berlin.

CHARLOTTENBURG PALAS

On Thursday we visited the amazing Charlottenburg palace. We will remember it for a long time!

Views were breathtaking

The Jewish Museum

We have seen Jews' holy book—Torah, admire a lot of monuments and signed into the chronicle.

We've spend two hours in The Jewish Museum which has really unusual construction.

It's time for something yummy

In the evening we went to a Turkish restaurant. Everyone could order whatever they wanted.

The Story of Berlin

On Friday, after breakfast we went to another museum – Story of Berlin.

Everybody was delighted by the vibe of that place.

The Bunker under the Story of Berlin

Under the shopping centre ,where was the SoB museum,the bunker from Second World War was situated. It was cold and dark there.

Madam Tussauds

Next amazing place was wax museum Madam Tussauds. Everything was really realistic.

Presentation

Before we went to Berlin, our students worked hard to prepare presentations about the results of our survey connected with the Comenius project.

All students and teachers wanted everything to be perfect.

Saturday, 1st February

During the last day in
Berlin we have seen
interesting place
of retention of Jews.

That place showed us our life. We
have bigger or smaller problems
sometimes it is hard but we
should be strong!!

Travelling in a big red bus through Berlin!

WE HAD A GREAT TIME 😊

MUSEUM OF ARCHITECTURE

It was enormous and all replicas looked like real.

THE UNDERGROUND

We usually travelled by underground which was extremely quick.

Sometimes it was crowded but we had a lot of fun.

We have visited a big shopping centre and bought everything in a smaller one 😊.
